Agreeable to an order from the County Court of Augusta we the subscribers proceeded to settle the accounts of Mark Hatton administrator of the Estate of John Asking deceased in the manner above stated We conceive it our duty to state why we allowed the account exhibited against the widow of the deceased as it appears that the plantations was very much out of repair the widow an old infirm woman engages with Mr Hatton to repair the plantation on certain con=ditions as appears by an article entered into between them which sd Hatton was to receive pay for yearly the same time sd Hatton was to pay yearly one third of the crop for her support It appears that the one third which she was to receive was not sufficient to support her the sd Hatton supposing he was in Duty bound to make use any money in his hands as administrators for her benefit as there was no children of sd Asking to receive any of the estate & had not sd Hatton applied it as above stated & taken her imediately under his protection she would become a charge on the County we have allowed Mr Hatton the sum of thirty dollars as a compensation for his trouble &c as administrator which we consider reasonable agreeable to within Statement there will be a ballance of twenty four pounds Two shillings & one penny due the administrator M. Hatton It is also to be observed that M. Hatton will be accountable for what time he may occupy the farm since the death of Mrs Askins we have made no calculation of Interest the accounts not Being kept in that regular form which would have enabled us to have done it with any kind of accuracy we therefore submit it to the Court considering we have done the Best we could having any respect to equity as Witness our hands this 19th day of April 1815.

After progressing thus far in the settlement, your Commissioners discoverd that there were additional expenditures Not credited to the admr in the general acount & indeed not known at the time that part of the account was made out; They are as follows—

To John H. Peyton for ballance his Acct. for professional services rendered the Estate — pr Acct ———— . No 40	$9 . 00

These proportions have been entered in the foregoing statutes

Your Comr has, in the foregoing statements complyed with the order directing him to settle the acct of Saml. Lockridges admr. except that part requireing the Admr to render his acct on oath, which was impracticable in consequence of the Situation of the Admr; — he being cofined to his bed by severe indisposition, & no magistrate residing within many miles This was, however, the less important as nearly evry entry is supported by sufficient vouches, & them few that are without, were admitted by the widow (who was present at the settlement) to be correct. —
All which is respectfully submitted

The foregoing it is believed, exhibits a correct list of the Established roads in the County of Augusta, — laid off into precincts as convenient as the population would admit, — & placed in numerical & as practicable, Geographical order. — It was deemed advisable, at least on the main leading roads through the County, to make the precincts as short as the population would justify: — this has been done: — In consequence of which alterations, & to correct former errors

errors in the description of the precincts, the undersigned would recommend a re-appointment of the present surveyors, as well as the appointment of new ones to fill vacancies. — The present list furnishes the names of those surveyors now in office, & also the names of suitable persons to supply all vacancies.

It will be discovered in the foregoing list, that in a very few instances the precincts are of an unusual & inconvenient length; — This was occasioned by the peculiar situation of those roads, — the population being so thin as not to admit of a change.

If the road Book shall, in future, be kept in the manner pointed out by the undersigned, in his report of the 13th March last, or in some similar manner, it is expected that the inconveniences hitherto complained of will be avoided, & perfect regularity prevail. The undersigned, previous to the commencement of his operation under the order of court, was advised to select suitable persons to act as commrs for the allotment of hands, to work under the respective surveyors, throughout the County; — He has pursued this advice, & subjoins a list of persons qualified to perform those duties; — He would take leave, however, to suggest that those commrs after furnishing the surveyors with their lists, be directed to file with the Clerk of the Court a correct copy of such lists, there to be preserved, as well to rectify any mistakes that may hereafter take place, as to supply the loss of any of them.

3rd I bequeath to my sons, John and Franklin, the tract and tracts of land I hold on the longmeadow, tobe divided equally between them quantity and quality considered, improvements being first made on the upper place equal those where I now live, at their joint expence: also they shall expend equally in boarding and clothing decently, and educating their sisters, and furnishing them with apparel suitable to their condition in the event of marriage; also two well furnished beds each, and a good horse and saddle, each; also four thousand Dollars in slaves, each, and other good property at cash price, to each viz: Peggy, Nancy, and Sally Betsy Porterfield, they must two pay thousand dollars; James Polly and William having received there part. The above legacies shall be due after the marriage of the above legatees, or when they they shall be twenty one years old; yet they shall not distress their by law or interest. And if they or either of them shall chose to live with other of their brothers or sisters, after twenty one years of age, they may do so, and demand their legacy. And the slaves and stock of all kinds, farming utensels, household furniture and kitchen, John and Franklin shall divide equally between them, or they may sell and then divide the money or bonds thence arising; and in case of differing in opinion, my Executors, after named, or any two of them agreeing, in any point, shall decide finally without any resort to law, in any case whatever.

Richd Holt Will

I Richard Holt of the County of Augusta being sick and weak in body yet of sound mind and disposing Memory, and calling to mind ~~the mind~~ mortality of the body and that it is appointed for all men once to die, desiring to make some arrangement in my worldly concerns that I may be the better prepared to leave this World whenever it shall please God to call me hence I do make and declare this my will and testament hereby revoking all others by me heretofore made or declared in manner and form following (that is to say) first and principally I desire to Resign my soul up to the hand of Almighty God who gave it and my body to the earth from whence it was taken in hopes of a resurection to eternal life through Jesus Christ and as to my worldly Estate wherewith it hath pleased God to bless I dispose of it in Manner following (to wit) Item 1st I give & bequeath unto my son Ruben Holt and each of my daughters so soon as they get Married one bed & furniture worth thirty dollars, and one cow and calf worth twenty dollars and to account for the same at a general distribution of my estate as I wish all my children to have Equal Shares of what may be left at their Mothers death, likewise my two youngest sons William & Andrew in case they should get Married before a general distribution as aforesaid they or either of them so marrying shall be entitled to the same and to account for the same in Manner aforesaid, and whatever account I

I may have on my Books against either of my children or any ballance appearing upon a fair Settlement of the same shall in like manner be accounted for exclusive of Interest & taken out of their proportion of my Estate. Item 2nd I desire that my Sister Molly Holt now living with us may continue to have her board and living in the family as usual & have Sufficient meat drink washing Lodging and good warm Clothes & every other accomodation as she now enjoys for & during her life or so long as she may think proper to remain in the family and at her death to be buried in a decent manner at the expence of my Estate — Item 3rd I lend unto my beloved wife Peggy Holt the land and plantation whereon I now live during her natural life and after her death I direct it to be sold by my exrs here in after named for the best price they can get either by private or public Sale, as to them may seem best and the proceeds of such sale to be equally divided among all my children (to wit) Reubin, Richard Thomas Delilah Kitty, Susannah, William & Andrew, which I give to them & their heirs forever, also all the negro Slaves we may possess at the time of my death to be at her disposal for & during her life agreeable to her fathers will and after her death to be equally divided as aforesaid between all my children to them & their heirs forever. In dividing the negroes I advise a sale of them by Public auction because an accurate division can be more easily made, and because each of the children will be more likely to suit themselves with a negro of their own choice. I also lend her my said wife for and during her natural life or for the term of her widowhood all my personal Estate and all the residue of my Estate be it of what Kind soever it may except so much thereof as may be found necessary to pay all my Debts & Specific Legacies &c. provided my five youngest children have their living in the family or such of them as may be unprovided for untill they shall be deemed capable of taking care of themselves or be bound out and in case my wife should marry I desire that she may thirded as to my Personal Estate (as I presume waste will be made) and my exrs may & they are hereby directed to sell off two thirds of the personal Estate so lent her according to Valuation, first allowing her to make choice of such articles thereof as may be best suit her to carry on the the business of the farm or as she may think proper to Keep according to the appraisment then made and if it is found the Estate have increased since the first appraisment and the Valuation Greater she shall be entitled to the Surplus and only account for and deliver up to the exrs two thirds agreeable to the first appraisment But in case it is found by a second appraisment that estate have been wasted and not worth as much as at the first (allowing for unavoidable accidents) she is to count such deficiency or wast with her own thirds & deliver up to the exrs two thirds agreeable to the first appraisment as aforesaid which they will sell at such credit as they may deem Most for the Benefit of the Estate and the proceeds of such sale after taking out the expences attending the appraisment & Sale and reserving five Pounds

Commissions on the amt there of for their Trouble) to be equally

able after my wifes death I desire that all the Estate herein
Lent her Both real & personal or such part thereof as may
then be unexpended & remaining shall be equally divided
among all my Children herein before named Which I advise
to be done by a Sale of the whole at a reasonable Credit.
(that is to say) in a sale of the land one half might be demanded
in hand & the other in 3 or 4 Equal Annual payments secured
by deed of Trust on the premises and the negroes & personal property
on 12 months Credit After the estate is all sold off & Bonds
taken &c I recommend the division to be in Bonds assigned over
by the Exors in which case I allow them for selling & taking Bonds

The foregoing account exhibits a true statement of the administration of the Estate of George Craig deceased at least so far as respects receipts & disbursments. Some property was left in the hands of the exr at the time of the sale which has since been distributed amongst the children of the Testator. The real Estate has been disposed of in the following manner to wit a part has been conveyed to James Craig one of the Testators sons two other small parts have been conveyed to John and Samuel Patterson who intermarried with Polly & Peggy Craig two of the children of the Testator another part has been reserved for George Craig another son of the testator and 207¾ acres (which makes up the whole of the Estate except 73 acres not yet disposed of) has been sold to James Patterson for £433.17 0. a part of which Viz £303.10.0 has been received & is accounted for in the preceeding statement: — The balance £130„70 is yet to be collected & when collected will be accounted for.

There is £33 credited in the foregoing Statement as recd from Saml Patterson for land sold him which may require some explanation John & Samuel Patterson had before their inter-marige with the two Daughters of the testator purchased the land that was afterwards given to them and this sum had been paid by Samuel after the mariges as nothing more was recd from but the land conveyed as part of the marriage portion of their wives

No Interest has been charged against the exr previous to the 1st Jany 1812 it being believed that untill that time the board common clothing & education of the children were an ample compensation therefor – The most of the Children having left the exr. about that time. Interest was then charged and the accounts ballanced annually thereafter in the usual manner

The charges for money paid John Bennett for repairs are thus explained Bennett rented the land for a term of years for which he was to cultivate a certain portion in grain for the benefit of the Estate & to be allowed for any repairs he might make. The Estate is is Credited with all the grain received from him for rent & charged with the monies paid him on acct of Repairs which Monies together with what grain retained himself made up the amt of his claim for repairs
